Subject Index, 1970

Assembly Language

What a Financial Manager Should Know About COBOL and Assembly Language, David K. Banner, January-February, p. 37.

Bank Management

Management Information System, LaVerne G. Milunovich, March-April, p. 23.

Budgeting

Management Information System, LaVerne G. Milunovich, March-April, p. 23.

How Learning Curve Models Can Be Applied to Profit Planning, Edward L. Summers and Glenn A. Welsch, March-April, p. 45.

Capital Investment Analysis

Making Business Odds Work for You, William E. Arnstein, November-December, p. 19.

A New Way to Measure and Control Divisional Performance, Roger Clayden, September-October, p. 22.

Getting Maximum Production from Existing Capacity, Henry J. Johansson and Granville R. Gargiulo, January-February, p. 23.

Strategies for Decision Making, Robert C. Weisselberg and Joseph G. Cowley, January-February, p. 41.

Cash Management

An Inventory Technique Applied to Cash Management, LeRoy A. Hewitt, July-August, p. 37.

COBOL

What a Financial Manager Should Know About COBOL and Assembly Language, David K. Banner, January-February, p. 37.

Communications

Diagnosing Company Weaknesses and Taking Corrective Action, Thomas S. Dudick, March-April, p. 28.

Computer Languages

What a Financial Manager Should Known About COBOL and Assembly Language, David K. Banner, January-February, p. 37.

Computer Legalities

See Legal Aspects of Computer Software

Computer Programing and Software

What a Financial Manager Should Know About COBOL and Assembly Language, David K. Banner, January-February, p. 37.

Software and the General Manager, William E. Lindsay, July-August, p. 48.

Computer Standardization

See Standardization of Computer Software.

Conglomerates

Conglomerates' Goals—And Their Attainments, Mohamed Onsi, May-June, p. 49.

Consulting

See Management Advisory Services

Control Systems

Evaluating Technical Work in Cost-Plus Contracts, A. Michael Agapos, November-December, p. 24.

Scheduling Creative Resources, James N. DiCola, July-August, p. 17.

Management Information System, LaVerne G. Milunovich, March-April, p. 23.

Cost Accounting

Variance Analysis—The 'Step-Through' Method, Fred M. Kirby, March-April, p. 51.

Cost Analysis

Evaluating Technical Work in Cost-Plus Contracts, A. Michael Agapos, November-December, p. 24.

Diagnosing Company Weaknesses and Taking Corrective Action, Thomas S. Dudick, March-April, p. 28.

Cost-Volume-Profit Analysis, David O. Jenkins, March-April, p. 55.

Getting Maximum Production from Existing Capacity, Henry J. Johansson and Granville R. Gargiulo, January-February, p. 23.

Variance Analysis—The 'Step-Through' Method, Fred M. Kirby, March-April, p. 51.

Call Out the Reserves--Warranty, That Is, Warren W. Menke, January-February, p. 47.

How Learning Curve Models Can Be Applied to Profit Planning, Edward L. Summers and Glenn A. Welsch, March-April, p. 45.

Cost Estimating

Evaluating Technical Work in Cost-Plus Contracts, A. Michael Agapos, November-December, p. 24.

Making Business Odds Work for You, William E. Arnstein, November-December, p. 19.

Cost Reduction

Getting Maximum Production from Existing Capacity, Henry J. Johansson and Granville R. Gargiulo, January-February, p. 23.

Cost-Volume-Profit Analysis

Cost-Volume-Profit Analysis, David O. Jenkins, March-April, p. 55.

Credit Analysis

Making Business Odds Work for You, William E. Arnstein, November-December, p. 19.

EDP

What a Financial Manager Should Know About COBOL and Assembly Language, David K. Banner, January-February, p. 37.

Facilities Management—Boon or Bane?, Louise H. Dratler, September-October, p. 41.

The Ohio Instrument Case, John Heptonstall, May-June, p. 46.

Software and the General Manager, William E. Lindsay, July-August, p. 48.

Management Information System, LaVerne G. Milunovich, March-April, p. 23.

Protecting Your EDP Investment, Joseph Verba, September-October, p. 37.

Mechanizing the Small Office, Edmund J. Wells, Jr., September-October, p. 17.

Education and Training

Management Services Training in the Development of a CPA Firm, John D. Lesure, November-December, p. 40.

Facilities Management

Facilities Management—Boon or Bane?, Louise H. Dratler, September-October, p. 41.

Flow Charting

Flow Charts—Origin of Procedures Manuals, Frank Ilett, Jr., November-December, p. 31.

Forecasting

Getting Maximum Production from Existing Capacity, Henry J. Johansson and Granville R. Gargiulo, January-February, p. 23.

An Accountant's Role in Product Obsolescence, Harris J. Nadley, March-April, p. 37.

Graphics Design

Graphics Design—A Tool for Management Consultants, Terry Reeves, July-August, p. 44.

Human Relations

The Ohio Instrument Case, John Heptonstall, May-June, p. 46.

How to Discover and Evaluate Client Problems, John Rapp, May-June, p. 19.

Information Storage and Retrieval

Strategies for Decision Making, Robert C. Weisselberg and Joseph G. Cowley, January-February, p. 41.

Information Systems

Management Information System, LaVerne G. Milunovich, March-April, p. 23.

Strategies for Decision Making, Robert C. Weisselberg and Joseph G. Cowley, January-February, p. 41.

Input-Output Analysis

Strategies for Decision Making, Robert C. Weisselberg and Joseph G. Cowley, January-February, p. 41.

Insurance Coverages for EDP

Protecting Your EDP Investment, Joseph Verba, September-October, p. 37.

Inventory Control

The Ohio Instrument Case, John Heptonstall, May-June, p. 46.

An Inventory Technique Applied to Cash Management, LeRoy A. Hewitt, July-August, p. 37.

Getting Maximum Production from Existing Capacity, Henry J. Johansson and Granville R. Gargiulo, January-February, p. 23.

Learning Curve Theory

How Learning Curve Models Can Be Applied to Profit Planning, Edward L. Summers and Glenn A. Welsch, March-April, p. 45.

Legal Aspects of Computer Software

Software and the General Manager, William E. Lindsay, July-August, p. 48.

Linear Programing

Procurement Scheduling: A Transportation Formulation, R. Frank Page and Marvin Tummins, September-October, p. 30.

Management Advisory Services

The Ohio Instrument Case, John Heptonstall, May-June, p. 46.

Management Services Training in the Development of a CPA Firm, John D. Lesure, November-December, p. 40.

How to Discover and Evaluate Client Problems, John Rapp, May-June, p. 19.
